

Calligraphic Variations

Personalize Your Wedding Invitation in Classic Calligraphy

YOUR NAME, ADDRESS & eMAIL HERE, PLEASE.

ORDER FORM

CALLIGRAPHIC VARIATIONS (CVs) offers **Classic Calligraphy** for your wedding invitations. *Calligraphy* comes from the Greek word *Kalligraphos* meaning *Beautiful Writing*. Please note this is **Traditional, Classic Calligraphy** and not fonts typeset from computer hardware & peripherals. Calligraphy has a heartbeat and lettered with pen & ink, totally by hand.

Please fill out the form on the left with the text of your invitation. Keep line counts to 5-6 words max. Crowding too much information on any one line results in very small and unreadable text. Send this form (or copy)

with a \$50.00 start-up fee (check*) payable: **Gerald Moscato** to address below. This fee will be applied to final costs. There is a Calligraphy fee of \$10.00 per line and we reserve right to break lines for clearer readability.

Next, a calligraphic proof will be eMailed as a PDF file for your approval. We use free-form calligraphy settings. If centered text is required an additional fee of \$20.00 will be billed. If alterations are needed then they must be indicated and faxed back for calligraphy changes and additional billing. Please be accurate in your first draft! This will keep minimal alteration charges to you.

If proof is OK, then initial and date in appropriate area and fax to CVs. A final bill will be eMailed for total payment due. Once received we will then generate a hi-resolution white, master copy, 4-up on an 8½ x 11 sheet, ready for photo copying of your invitations. Final size: 4¼ x 5½. A 25.00 production & materials fee is billed to generate the final master. Special and custom orders are available at additional pricing. Additional changes made after approved stages will be billed as needed. Again a reminder: **be accurate in initial input stages!**
